## What is **MPBA Business Shield?**

For most businesses, ensuring compliance with workplace legislation and health and safety policies is not the number one priority. It can be a time-consuming and, at times, complex task. Nonetheless, it is a critical requirement if you are to effectively manage risk and protect your business for a sustainable and profitable future.

MPBA Business Shield comes as part of your MPBA membership and has been designed to help businesses of all sizes manage their risk, through access to extensive health and safety and employment law advice and guidance.

Whether you have a small owner-managed company, or a larger organisation, MPBA Business Shield provides the tools and support to help protect your business against unnecessary risk, allowing you to concentrate on growth and profitability.
