# Quality assured short courses to provide learners with certification to ensure they are working safely onsite.

## SiteRight benefits

- Improve onsite training, reducing the risks for all workers onsite.
- Standardised, certified training for all staff, for upskilling and refreshing.
- Transferable courses, reducing the need for repeat training.
- Free training resources available, for consistent, effective delivery.
- Regularly evaluated and continuously improved courses.
- Built by NOCN Group's in-house, construction qualification specialists
- Developed in partnership world leading manufacturers, associations and federations to ensure relevant, useful training.
- Can provide added-value and site-readiness for apprentices

## Funding

The CITB Short Duration Training Grants is available to levy registered employers for several SiteRight Courses via the Short Duration Training Route, find out more [here](#).

- 1) How much can I claim? Our courses are eligible for Tier 1 funding of £30, contact our Business Development for further details.
- 2) Should I to apply to become an ATO? Yes, as you will be using a Recognised course through NOCN, the cost for application will not be chargeable.
- 3) How do I apply? You can apply through the CITB website [here](#)
